

Foundation PMP 2019

Dear Parents,

This term, the wonderful PMP (Perceptual Motor Program) has been timetabled for Tuesdays and Thursdays (2:30- 3:30pm).

We will begin in Week 5 and the first session will be on Tuesday 26th February.

Each week, this program relies on the support of our fantastic parents. A rotating roster of parent helpers will be coming out soon. Please check your classroom notice board to see which days you are on if you have volunteered. **Please note: a current Working With Children Check will need to be registered with the Front Office before you can volunteer.**

If there are any queries please feel free to ask your child's teacher and if your availability changes please let us know as soon as you can so we can accommodate the children.

We look forward to seeing you there!

Regards,
The Foundation team.
